MADE POSSIBLE BY DONATION & TRANSPLANTATION

Inspiring Honorees

The Sigler Family lost eighteen-year-old Michael Sigler in a tragic motorcycle accident earlier this year -- but his legacy lives on as a heroic organ, eye, and tissue donor. In collaboration with hospital staff, the Sigler family arranged a beautiful honor walk to pay tribute to the beautiful life Michael lived and selfless gift he gave others. With the support of donation champion

Dr. Deborah Kuhls, hundreds of University Medical Center staff lined the halls to pay tribute to this brave hero before he gave the gift of life to nine people through organ donation.

Fourteen-year-old **Brienna Love** continues to show the world what is possible after receiving a lifesaving heart transplant in 2016. She is the captain of her school dance team and an athlete for Team Nevada in the Donate Life Transplant Games. She is full of energy and committed to showing what is possible in life after transplant.

Inspiring Entertainer

Country star **Granger Smith** whose three year old son River heroically donated organs in June of 2019, will join us for a heartfelt and inspiring performance. The family's courageous decision to donate in the wake of such a tragedy resulted in the gift of life for two individuals in need of organ transplants to survive. Over the course of his groundbreaking career, Granger Smith has amassed an audience now known as "Yee Yee Nation" built through heavy touring and grassroots fan engagement. He now has a social media following of nearly 7 million and over a quarter of a BILLION online video views. Smith broke onto the national scene with the No. 1 smash hit "Backroad Song," which was one of the Top 10 Most Played country singles of 2016. He was nominated for Best New Country Artist for the 2017 iHeartRadio Awards and was included in the 2017 crop of artists honored during the CRS "New Faces" show. His current album spawned the Top 15 hit "Happens Like That" and the current fast-rising single "You're In It."

Inspiring Speaker

Widely considered the best NFL quarterback of all time, **Joe Montana** personifies performance excellence and personal integrity both on and off the field. Yet the word most closely associated with him is not winner – it's leader.

Joe retired from professional football in 1995 and in recognition of his achievements he was elected to the Pro Football Hall of Fame in 2000.

SPONSORSHIP DETAILS

Nevada Donor Network passionately serves more than 2 million Nevadans and thousands more across the country. We coordinate, recover, and allocate lifesaving organs and healing tissues for transplantation and research. We honor the wishes of heroic donors and their courageous families on behalf of the more than 600 Nevadans and 113,000 others around the country in need of a lifesaving transplant.

We dream of Nevada being the first in the nation to eliminate the need for a transplant waiting list because every person listed has received the lifesaving gift they desperately need. Your support has the power to make this dream a reality.
